### MERIT Active Assailant (Shooter) Training

This training will focus on establishing prevention-based active shooter program, concentrating on preventing the act of violence before it occurs. We will provide techniques to reduce students' and staff's risk and anxiety. It focuses on recognizing and moving away from the violence and giving participants a plan of action. Better prepare school staff to deal with an active shooter situation by raising awareness of pre-incident indicators and characteristics of active shooters.

### Critical Issues In Campus Safety

Large-scale emergency incidents and disasters can occur anywhere on any school campus. When they do, all eyes will fall on the Campus Emergency Team. As a responsible educator, you will be critically evaluated on your preparedness and your school's ability to manage the crisis event. The participants will be exposed to case studies and practical exercises that will allow them to apply the principles taught in class.
